

# Coweta County School System

*Coweta Committed to Student Success*

May 2, 2018

Dear Parents,

As you may be aware, the Coweta Substance Abuse Coalition was recently formed in an effort to reduce the misuse and abuse of prescription drugs in our community. This group is made up of community leaders that are working in partnership with medical professionals, educators, and concerned citizens to bring awareness to this important issue and to devise strategies to reduce the abuse and misuse of prescription drugs. As part of this effort, the Coweta County School System has been asked to partner in this effort by administering surveys to parents and students regarding prescription drug misuse and abuse. The link to the surveys will be emailed to students and parents on May 7, 2018. The survey window will remain open until May 14, 2018. The surveys are available below for your review. Copies of the surveys are also on the school system website for your review. Participants in the survey will remain anonymous. Please email [student.services@cowetaschools.net](mailto:student.services@cowetaschools.net) if you do not wish for your child to participate in this survey.
